<p>For the students who truly want the full
experience of P2A, the third and final program
offered is the ASEAN Journey (Mobility Program).
To truly experience and understand other
countries, you must indeed go there to see and
experience first hand. P2A recognizes that the
two biggest challenges for student Mobility is
the cost and time to travel. It would be
wonderful if every student in the world could
experience study abroad or study exchange in
another country. However, we know that this is
unrealistic for many students and disciplines.
Therefore, the P2A Network of Universities
combines efforts to provide the cheapest
options, with the most fulfilling experience, in
the most flexible time-period possible.
</p>
<p>How do we do this? Each P2A Member
```

Institution offers standardized 3-day program for an intensive cultural experience - for a standard price of 25 USD per day (including Accommodation, Meals, Local transportation and Activities). Programs are not limited to three days, they can be longer or shorter. However, to make life easier for faculty and students to plan trips, we start with a standardized three-day program which can be adjusted per any Institution's wishes. However, both the Host Institution and Travelling Institution must agree on the Journey details beforehand. Many student trips entail several countries and several institutions. A typical trip will be 1 to 2 weeks, but can be as little as a few days or as long as a few months. P2A Member Institutions agree to common aspects in all programs, including cultural seminars, student reflection groups, and of course local sightseeing.

</p>

<p>Unlike the P2A Game and Virtual Classroom, the P2A journey is available only to member institutions. If you are a student or faculty member from a non-member institution, <a href=<http://journey.p2a.asia>>please click here.</a>
