*Al-Muqaromah Assa Orphanage was established on 07-05-2015 (may seven two thousand and fifteen) having its address on the prince Tirtayasa street, Bukit Laban village, RT.07 LK II, Campang Raya sub-district, Sukabumi sub-district, Bandar Lampung city. Al-Muqaromah Assa Orphanage has 38 children and 9 administrators who come from various backgrounds and come from various regions. Based on the results of interviews conducted on the part of the head of the orphanage, the problem was obtained namely the unavailability of information media to convey activities and donations aimed at the public and donors. The current system such as the delivery of information also still uses banner media, so it is necessary to have a system that can be accessed online using a website.*

*This research resulted in a system that is able to facilitate donors to obtain information on nursing homes and children and donations, based on the results of the implementation carried out with the implementation of black box testing by testing based on functionality resulting in 95.83% with these results the user states the suitability of the function so that it can be concluded that it is feasible to applied to help donors make donations.*

**Key words:** *Information Systems, Orphanages, Al-muqaromah Assa*
