

ABSTRACT

DEVELOPMENT OF IT MASTER PLAN FOR ACTIVITIES LEARNING (SKB) WAY RIGHT USING TOGAF

Netty Sefriyanti

SKB Way Kanan is one of the non-formal educational institutions that has several services, namely Equality Education (Package A, B and C), Early Childhood Education (PAUD), Computer Courses, Sewing Courses and Community Reading Park Services (TBM). A technical implementing unit that facilitates the needs of SKB Way Kanan and stakeholders to achieve superior quality graduates. Way Kanan SKB provides the skills needed by stakeholders. Currently, this unit has not been able to provide integrated services, such as optimizing inadequate services. The purpose of this research is to design an enterprise architecture (EA) using the TOGAF framework to solve this problem. The research procedure is carried out through the preliminary stage, vision architecture, business architecture, information systems and technology architecture. The result of this research is the design of a new model using TOGAF EA.
